

**HUNTINGTON BEACH UNION HIGH SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**VIVIAN KIRKPATRICK-PILGER**

**OCCUPATION:** Management Services Officer

I graduated from Westminster High School. I have worked at the University of California, Irvine for 24 years. The past 14 years I have served as Manager of the largest department in the engineering school. My responsibilities include managing multiple fund sources; effective budgeting; academic personnel issues; working with various union contracts; administration of facilities; and promoting a thriving environment for all.

As a Governing Board Member of the HBUHSD I will work hard to:

Maintain high standards; current board members voted to make exceptions and lowered academic standards for students who failed to meet graduation requirements in math.

Broaden the perspective of this elected body which failed to uphold basic constitutional rights for all students and their parents, by demanding equal rights for all students regardless of religion, race, or sex.

Demand administrative and fiscal accountability.

Encourage and utilize independent thinking on this board which would serve to develop it as a leading, learning, and enriching body in California education.

Encourage lifelong learning skills in our students and provide information that shows them the advantages of a University education and its benefits.

Please mark your absentee or sample ballots now for Vivian Kirkpatrick-Pilger.
